NEW YORK BANKER DONATES MILLION TO ART MUSEUM

George F. Baker.

George F. Baker, chairman of the board of directors of the First National Bank and a trustee of the Metropolitan Museum of Art, has just given \$1,000,000 to the museum. The gift was announced on the eve of his departure for Europe. Many large gifts have been made to the museum, but a cash gift of \$1,000,000—the best is in Liberty bonds—practically the equivalent of cash—is without precedent.

RAILROAD FORCE GOADED TO QUIT

Labor Board Charges That
Minority Members Have
Infamed Workers.

CINCINNATI, June 17.—Chiefs of the miners and railroad unions agreed here today to hold a joint meeting next Thursday night for consideration of a joint strike action.

Announcement of the date for the meeting was made after the conference between President John L. Lewis of the U. M. W. of A. and B. M. Jewell, president of the railroad employees department of the American Federation of Labor, and others.

Formal announcement of the meeting was made later by Lewis at the American Federation of Labor convention. He said that the meeting would clear "the uncertain situation affecting the strike of the organized miners and the outrageous action of the United States Railroad Labor Board in imposing unwarranted and unjustifiable reductions upon the railroad employees."

CHICAGO, June 17.—Majority members of the United States railroad labor board who yesterday ordered another slash from the wages of railroad workers today retaliated for the criticism of the minority members with charges that the latter presented "an exaggeration in an effort to inflame employees to strike against the decisions of the board."

Yesterday's decision which lumped nearly \$27,000,000 from the wages of 325,000 railroad clerks, signal men and stationary firemen, brought the total reduction effective July 1, under the board's order up to \$135,000,000.

CINCINNATI, June 17.—Strike ballots to stationary firemen and oilers and instructions to committees of signal men to decide whether to take a strike vote, will be in the mails by night, following decision of the railroad labor board last night to cut wages of employees in these unions.

Clerks and stationary firemen will not take a general strike ballot, E. H. Fitzgerald, grand president of the brotherhood announced. He said that the general committee of each system of roads would determine whether or not a strike ballot would be issued and added that where such votes were taken members would be bound by the results.

There will be no walk out on some of the roads, which have made agreements with the men which bind them to accept any wage adjustment made by the labor board.

Notice Masons

Called communication Ada Lodge No. 119 A. F. & A. M., this evening at 8:00 o'clock for work in the Entered Apprentice degree. Visitors welcome.—F. R. Laird, W. M.

HOUSE WAITS ANXIOUSLY FOR HARDING'S OPINION ON DOVER CONTROVERSY

Gunpowder Is Booze

PHILADELPHIA, June 17.—Perched on a keg labeled "gun powder," Patrick Kane smoked a peaceful pipe as he ferried across the Delaware from Camden.

But when his pipe went out and he scratched a match upon the "gun powder" sign, prohibition sleuths tapped the keg. They found ten gallons of "hootch."

Kane and two alleged assistants are under arrest today.

18 IS PREVALENT AGE OF STUDENTS

But Range Extends from 10
To 61; Many Have Had
Jobs Teaching.

Students in their prime, or at the time when they are just completing high school and begin to look forward to a higher and better education, predominate at East Central college, according to figures compiled from information cards on file at the college offices.

Ages range from 18 to 25 years, with the larger number of those enrolled ranging from 15 to 30 years of age. Records of the school show, however, that there are only two students who are ten years of age.

Out of the entire enrollment, more than 700 are between the ages of 18 and 20 years. Eighteen years takes in most of the students, totaling 191, with 19 years next with 179. Twenty-eight were between 40 and 50 years, and nine were 50 or over.

In teaching experience, 675 have had no schools. Those who have had experience up to one year number 213, and those with between one and two years experience number 145. Large numbers have been in the profession each year up to ten, with 30 having had between ten and 20 years experience. Seven have over twenty years experience and one man has taught 34 years.

Church memberships and preferences gave the following figures: Methodist, 444; Baptist, 379; First Christian, 218; Episcopal, 14; Nazarene, 11; Presbyterian, 93; Church of Christ, 74; Catholic, 8; Adventist, 3; Quaker, 1; Millennial Dawn, 1; Holiness, 1; Church of God, 4; Congregational, 1. The remaining students did not state their preference.

FLIER OFF ON FIRST LAP OF ATTEMPT AT RECORD

(By the Associated Press)
SALT LAKE CITY, June 17.—Pilot Paul R. Levissee of the western division of the United States air mail service, jumped from Woodward Field at 5:15 o'clock this morning on the first of a series of attempts to break the Salt Lake-San Francisco flying record. Levissee will take the ship to Reno, and a third will complete the flight.

DEATH LISTS IN WISCONSIN STORM FURTHER SWELLED

GLENWOOD CITY, Wis., June 17.—Rapid progress was being made today in clearing away evidence of the tornado that swept through the section of four counties in Western Wisconsin last night causing six deaths, injuring a score of persons and causing hundreds of thousands in monetary loss.

Additional reports early today did not change the total fatalities, although there still remained a few isolated districts that had not reported previously. The death list may be swelled however, as several of the injured are in a critical condition.

Many farmers report that estimates of crop damage done by the winds and rain, which was accompanied by hail in some sections, could not be made for a few days, as many fields where the grain was laid low are expected to revive.

Democrats Not Holding 150 Key Positions in U. S. Treasury Now.

(By the Associated Press)

WASHINGTON, June 17.—The administration ship subsidy bill is not likely to be up before the house until the house is ready to dispose of the senate tariff bill, now before the senate, Chairman Campbell of the rules committee informed republican leaders today, after a talk with President Harding. Mr. Campbell stated he had informed the president of objection in republican quarters to action on the bill at this time, and that the president was insistent upon action.

Prior to adjournment, he was impressed with the desire that time be given members of the senate and house and the country to understand what the bill proposed.

It was agreed to defer the consideration until the senate had passed the tariff bill, Mr. Campbell said. In this case it ought to be possible for the house to figure now on a three-day recess, he added, that the president desired to confer again with republican leaders early next week.

WASHINGTON, June 17.—Speculation was rife today as to what effect the memorandum to President Harding by members of the house upon the effort of Assistant Secretary Dover of the treasury department to re-organize the internal revenue bureau might have upon the outcome of his controversy with Commissioner Blair who opposed the re-organization plan.

The memorandum which came to light yesterday at the same time that another document, later characterized as "false" by Secretary Mellon was circulated anonymously in which members of congress charged that key positions in the treasury were largely held by democrats, had not been presented to President Harding today and there was no indication of any definite plan for its presentation.

False Says Mellon.
In a statement indorsed by Mr. Harding, Secretary Mellon of the treasury yesterday characterized as "false" and the product of selfish and ambitious employees, the document circulated with the memorandum listing almost 150 offices as key positions said to be held by democrats, many of whom, it was charged, were disloyal to the present administration. The treasury secretary's statement asserted that the administration of the treasury "was in the hands of republicans, and governed by republican policies" and that where democrats had been held in office, it was because of their qualification.

Commissioner Blair still declined to discuss the memorandum to the president or the document circulated today and Mr. Dover had not returned from New York.

SHERIFF'S MEN FIRED OPENING SHOT IN FIGHT

(By the Associated Press)

OKLAHOMA CITY, June 17.—County officers fired the first shot in the gun fight which resulted when men from the sheriff's office and city police department mistook each other for automobile thieves Thursday night near here, according to testimony given today by W. H. Flynn, police plainclothesman, at the inquest into the death of Spear C. Crossley, deputy sheriff, who was killed.

Flynn testified that the first shot came from the gun of the slain deputy. He said that after the first volley, each group called on the other to "stick 'em up," after which a second volley was exchanged. Then county officers announced their identity and the city police did likewise, he said. Lights on the deputies' automobile were turned on and Crossley's body was discovered in the road, Flynn testified.

Flynn, who, it is alleged, fired the shot that killed Crossley, was for six years sheriff of Lubbock county, Texas, and has been a member of the Oklahoma City police force for two years. He appeared at the inquest voluntarily.

Testimony was concluded at noon and the coroner's jury began deliberation without lunch.

The latest thing in counterfeits is a green diamond. The peculiar tint of the genuine gem is said to have been copied successfully by the use of radium, and large white stones of cheaper quality afford the material on which to work.

BANDITS SPIRIT BANKER CAPTIVE INTO OKLAHOMA

Robbers Get \$1500 in Cash
and Liberty Bonds in
Swag Across Line.

CASHIER KIDNAPPED

Woman and Car Abandoned
Near Foraker As Posse
Makes Chase Hot.

(By the Associated Press)

BARTLESVILLE, June 17.—O. H. Hall, cashier of the Elgin State Bank of Elgin, Kan., was liberated early today on a lonely road three miles south of Okesa, Oklahoma, after being held prisoner for more than 12 hours by the two men who yesterday held up the Elgin State bank and forced him to accompany them in a thrilling dash for safety with \$1500 in cash and liberty bonds.

Hall walked to Okesa and telephoned Sheriff Henderson here, whereupon a posse was immediately formed and set out with the expectation that Hall might furnish information which would lead to the capture of the bank robbers.

Hall was not harmed by his abductors, he told local authorities.

PORAKER, June 17.—No trace had been found early today of two bandits who yesterday held up the Elgin State Bank at Elgin, across the Kansas line, abducted D. R. Hall, cashier, and escaped into Oklahoma in a motor car. The robbers obtained about \$1500 in cash and an undetermined amount of liberty bonds.

Anxiety was felt here for the safety of Mr. Hall. He was last seen in the bandit car when a posse attempted to engage the fugitives between Bartlesville and Pawhuska. The bandits opened fire on the posse but the fire was not returned for fear of hitting Hall. Some distance from that point the bandits abandoned their car. It was later found by the posse but there was no trace of Hall.

Others here expressed the belief that the men made their way to Okesa, Okla., and boarded a train. It was thought they forced Hall to accompany them.

Hall and his wife were forced by the bandits to enter the car after the bank had been looted. Mrs. Hall was thrown out, however, about five miles from Elgin.

DEMOCRATIC MEET NEXT TUESDAY IS ANNOUNCED TODAY

An important meeting of the Democratic Central Committee will be held at the court house Tuesday evening at 8 o'clock, Robert Wimish, chairman, announced Saturday. Ed Semans, state chairman, will be present, and a good attendance of the county organization is desired. This will be the first meeting of the body since Wimish was seated as chairman by the state committee.

Women are now acting as treasurers in eight counties in Nebraska.

FORMER SOLDIER KILLED AND THREE MEN INJURED IN HARVEST FIELD FEUD

Twelve Under Arrest As
Aftermath of Fight
Friday Night.

(By the Associated Press)

CHEROKEE, June 17.—Cherokee was quiet today following a clash last night between I. W. W. members and wheat harvest hands in which Paul Bednartik, former soldier of Ardmore, was slain and three unidentified men seriously injured. A charge of murder has been filed against Tom Pryor of Altus, who is being held in jail in connection with Bednartik's death.

Immediately after the fight, authorities began a general clean-up here and early today twelve men were under arrest, eight of whom are alleged members of the I. W. W. Local authorities say the trouble between the factions began at Enid, near here several days ago, when I. W. W. members unsuccessfully attempted to enlist other harvesters in their ranks. Later, some 430 members of the organization were jailed at Enid on charges of vagrancy and released yesterday morning on their promise to leave the city immediately. On Thursday, more than a score of the gang who were warned to leave at once or go to work, came here.

The two parties met last night in Municipal Park and after heated arguments between several of the leaders, a free-for-all fist fight ensued, culminating in the shooting of Bednartik. Pryor told officers that Bednartik started towards him with a drawn knife and that he fired in self defense.

The dead man carried an I. W. W. card, officers say.

DIAL ANNOUNCES PROGRAM IN WAR ON BOLL WEEVIL

Hardy Dial, boll weevil expert, has been engaged by the business men of Ada for a 60-day campaign in Pontotoc county. His services will be free to all farmers requesting them. The first round will be made next week and Mr. Dial can be found at the places and dates named below where he will explain his methods of fighting the weevils and making a crop of cotton in spite of the pests. He will be in Ada Saturday and meet all who desire information.

Program for Week.

Monday—Center, 10:20 a. m.; Maxwell, 2:00 p. m.; Vanoss 5:00 p. m.
Tuesday—Steedman, 10:00 a. m.; Lulu, 2:00 p. m.; Stonewall 5:00 p. m.
Wednesday—Frisco, 10:00 a. m.; Jesse, 2:00 p. m.; Franks, 5:00 p. m.
Thursday—Fitzhugh, 10:00 a. m.; Hart, 2:00 p. m.; Lightning Ridge 5:00 p. m.
Friday—Oakman, 10:00 a. m.; Francis, 2:00 p. m.; Byng 5:00 p. m.

House Leaders Wish To Delay Vote Upon Ship Subsidy Plan

WASHINGTON, June 17.—Republican members of the house rules committee were called into joint session with the steering committee today for discussion of legislative policies with respect to consideration of the ship subsidy bill.

Almost immediately after the meeting began, Chairman Campbell left, explaining that he was going to the White House to confer with President Harding without indicating whether he was to convey a message from the leaders on the debated question as to how the action on the measure should be taken at this time.

Liquor Issue Injected.

WASHINGTON, June 17.—With the ship liquor issue injected in the prospective fight on the bill, republican leaders of the house were preparing to confer again with President Harding on the question of taking up the administration ship subsidy bill before adjournment. While all declare they would favor bringing the measure to a vote if the president still insists, it was indicated they would reiterate the belief that the consideration of the bill ought to go over until the December session.

Advertising signs in the national forests of California must come down. Advertisements printed on trees and rocks are also to be effaced. Such advertising is prohibited in all national forests without special permits, which are seldom issued.

Band In Concert

The 160th Field Artillery Band will make its first appearance in Ada Sunday afternoon at 5:30 on the Fire Department Park, on Twelfth street, opposite the city hall, it was announced today. Many of the players are Ada boys. It was formerly announced that the concert would be held in the armory. An invitation is extended to the city to attend.

BONUS FOLLOWS TARIFF DEBATE

Legion Consents for Bill To
Rest Provided It Is
Next Issue.

(By the Associated Press)

WASHINGTON, June 17.—Adoption by party conference of republican senators next Monday of compromise plans whereby the soldiers' bonus bill would be given Senate right-of-way after disposition of the tariff measure was revealed at republican headquarters today.

Plans were reported to have been tentatively agreed upon at a conference held yesterday after an informal canvass of the republican members had disclosed that a large majority were preparing to stand with President Harding in favor of priority for the tariff measure. American Legion representatives are said to have been consulted and have given their approval to the arrangement.

Democratic senators were said to be prepared to make a fight of their own to secure presentation of the bonus bill.

Chairman McCumber of the finance committee who has been urging immediate consideration of the bonus measure said he would withhold his proposed measure to displace the tariff bill if the republican conference would definitely pledge the party to disposal of both bills before adjournment.

Philippine Request for Own Government Put Before Harding

(By the Associated Press)

WASHINGTON, June 17.—President Harding today received the plea of the Philippine parliamentary mission for granting of independence to the Philippine people and promised a reply next Thursday, setting forth the view of the executive.

The president received the twenty-nine members of the mission cordially and listened attentively and interestedly to the presentation of the plea by Manuel L. Quezon, head of the mission, and president of the Philippine senate.

Responding briefly to the presentation, Mr. Harding said it was unfair to him and not justice to the Philippine people to make his reply without careful consideration of the plea. Ultimate consideration of the matter of autonomy rests with congress, he said, adding that this need not deter him from forming and outlining his view of the matter. This, he said, he would do if the mission would call again at the White House next Thursday.

Busch Praised For Stand on Enforcing of Sea Prohibition

(By the Associated Press)

ST. LOUIS, June 17.—Adolphus Busch III, a local broker, was praised for his stand regarding enforcement of prohibition on shipping board vessels, and Chairman Lasker of the shipping board was denounced for allowing the sale of intoxicants on ships outside the three mile zone, in a statement to the Associated Press today by Dr. Wilbur F. Crafts of Washington, D. C., superintendent of the internal reform bureau.

Blind persons who were not born blind, it is said, have normal vision in their dreams for about two years after they have lost their sight.

ROUMANIAN KING GIVES DAUGHTER AS ROYAL BRIDE

King Ferdinand of Roumania.

King Ferdinand, of Roumania, has given his consent to the marriage of his daughter, Princess Marie, to King Alexander, of Serbia. The wedding will take place in June.

GIRL IS BITTEN; MAD DOG KILLED

Mayor Decrees Death to All
Wandering Curs of City;
Policemen Busy.

Stray dogs must die.
This was the ultimatum sounded this morning to policemen by Mayor W. H. Fisher on the heels of a report that a mad dog had bitten a small child and that medical treatment of the case had revealed positive indication of hydrophobia.

Within the next few days, police guns will take their annual summer harvest of the unidentified curs, Mayor Fisher said.

"A dog that isn't worth muzzling isn't worth having. City policemen have been instructed to shoot them down when they are found running at random on the streets. Stray dogs are a menace to public health and safety. They shall not live," the mayor declared.

Late yesterday the 2-year old daughter of Mr. and Mrs. H. G. Garrett, of 316 West Seventh street, was bitten by a stray cur. Suspicious actions of the dog caused it to be killed. The child was then taken to a madstone at 605 West Twelfth street, and at 11 o'clock this morning was reported to have been sticking almost 16 hours.

Chief of Police Wick Adair already reports that numerous dogs already have been shot and that others would meet a like fate if owners failed to muzzle them or tie them up.

LEAGUE DEFENDS BOLEN'S ACT IN HELPING PROBE

A statement in defense of District Judge J. W. Bolen's act in submitting testimony to the Visible Voters' league concerning alleged pre-election promises made by Mayor W. H. Fisher, was made public this morning by officials of the league.

It follows:
"A public official has been taken to task through the press for submitting to the Visible Voters League certain testimony involving pre-election promises. All fair minded people who may not be informed in this matter are respectfully advised that upon a positive demand made upon Judge Bolen for this testimony he with considerable reluctance submitted same to the league.

The counter resolution of the W. C. T. U. organization in this regard, and which also appeared in the press, comes with poor grace. As long as this society pursues the noble purposes for which it was organized it will receive the good offices and co-operation of the leagues; but when it departs therefrom and for political prestige condones lawlessness by resenting efforts to rectify same, it then brings itself into the same disrepute in which another organization now finds itself as a result of an effort at usurpation of political power.

"GEO. W. BURRIS,
"Acting Chairman Visible Voters League.
"P. H. DEAL, Secretary."

BIBLE THOUGHT OF TODAY
EVERLASTING LIGHT:—Thy sun shall no more go down; neither shall thy moon withdraw itself; for the Lord shall be thine everlasting light, and the days of thy mourning shall be ended.—Isaiah 60:20.

WHY NOT A PACKERY?

Mack Fleming of Maxwell suggests that the chamber of commerce of Ada might do well to consider the matter of a small packery to handle the rapidly growing livestock industry of the country. In this connection he mentions the one at Shawnee where he does his marketing. It is a four-hour run with a truck load of hogs from Maxwell to Shawnee and the hogs arrive without loss of weight and in good condition. Incidentally if a farmer around Shawnee has only one or two hogs or beeves to sell he finds a ready market for them and at a fair price. The packery has a capacity of about forty hogs per day and is a great convenience to all concerned. At the other end of the business Mr. Fleming says he is able to buy the best of meat for his store at a very reasonable price. If such an industry should be located at Ada he figures that it should pay fully as well as the one at Shawnee which has grown from a very small beginning to fair sized proportions. At all events we have the hogs and cattle to supply one and the matter is worth investigating.

The memorial hall bond issue voted by Ada citizens is a great improvement over some previous issues in that it is in serial form. After 5 years city will redeem part of it annually thereby cutting both principal and interest and it will all be paid in twenty-five years instead of bothering with a sinking fund which must be invested and perhaps lost through bad management. Under the old plan the tax rate for the payment of the bonds remains the same until they are paid. It will be only a few more years now until the first bonds issued by the city will mature and be paid off and from that time on the debt will be reduced rapidly and a considerable reduction made in the tax rate since the larger part of the city taxes are for the purpose of meeting the interest and sinking fund requirements.

Ardmore has begun work on another dam to impound water for the use of that city. Tulsa sometime ago voted bonds to the amount of several millions to bring water from the Spavinaw but a row has broken out among the officials and the matter may be delayed quite a bit. At present Tulsa has to depend on haulers of bottled water for its daily supply of drinking water, and this is somewhat expensive. Again we are reminded that our home town has a big advantage over some others. Either Tulsa or Ardmore would willingly pay a cool million for a source of supply like Byrd's Mill spring and would feel like it was getting a wonderful bargain at that, as indeed it would.

Ada is soon to be a city of beautiful streets. The paving prospects now under way, we believe, will be followed by many others. Add to this the number of blocks that have been graveled and are being graveled now, and one can appreciate what is being done to beautify and make serviceable the avenues of traffic. When all the streets are bordered by shade trees, Ada will be as attractive as any city in the Southwest.

Nearly every one has his own ideas of the vices of others and is blind to his own pet vice. They are like the old Scotchman who was observed to be cheating in a Sunday game of poker or some such diversion. When one of the players began to whistle a tune the cheater at once took umbrage at him and quit the game declaring he would not play with a man who whistled on the Sabbath day.

Hughes county is to vote on an issue of \$500,000 of road bonds July 11. If this carries Hughes county will be among the first in the state in the matter of roads one of these days. Tulsa county is building concrete roads and although they cost a lot of money to build the upkeep amounts to very little and the work does not have to be done over every year.

An exchange suggests that gasoline and booze make about the most dangerous combination known in modern times. A boozy driver at the wheel of a big auto is more dangerous than one with a six shooter.

An Oklahoma City paper describes an alley which has been beautified by the adjacent property owners. Certainly this is a commendable move, for too often people neglect the alleys although they may give plenty of attention to the fronts.

An exchange suggests that it would be a good idea to make thermometers which registered 10 degrees below those now in use so that it would be cooler.

The Wichita Daily Times is of the opinion that things must be dull around the national capitol. It has been two weeks since Tom Watson threatened to lick everybody.

The Forum of the Press

Be Comfortable
(Hugo News)

Edison, the inventor, says the chief reason he can work 18 hours a day without getting "run-down" is because he keeps his body healthy by never wearing tight-fitting clothes.

Edison wears baggy suits and loose collars. He never wears tight shoes, a belt or anything that would interfere with the circulation of blood through his arteries.

In other words, he doesn't saw cross-grain on nature. Maybe nature intended the human animal to wear clothes, maybe not. Anyway, she certainly never intended us to wear garments that fit like the casing of a sausage.

In wintertime, on streets of cities that have snow and zero weather, you see flappers wearing silk stockings and shirtwaists with V-necks cut so low they expose the throat to the cold weather and icy wind. A man with a high starched collar and woolen muffler around his neck, marvels that the flimsily-dressed flappers fail to die of pneumonia.

The reason is simple. The flapper dresses loosely, allowing her blood to circulate freely enough to keep her warm.

Her grandmother, in girlhood, had to bundle up like an Arctic explorer to keep from catching cold, largely because she cramped her blood circulation and other bodily functions by lacing herself into a wasp-waist corset.

Men, too, are slowing getting wiser—discarding tight starched choker-collars, painful shoes, and plug hats that fit the head like iron hoops.

Hygienists believe American women will keep their present comfortable way of dressing. Also, they are campaigning to drive some of the same common sense into men.

Men, say the hygienists, should copy the women and adopt clothing that ventilates the body. This is especially advisable in summertime, to permit quick evaporation of poisonous perspiration.

The average person is haunted by a fear of "taking cold."

How about the dangers of "taking heart?" You have noticed, in the movies, that the savages dress loosely, so the air gets easily to all parts of their skin. That probably is the chief reason they are as hard as nails and as healthy as young wildcats.

State Ownership Not the Remedy

(Chickasha Express)

Not long ago a gentleman who deals in statistics figured from the Treasury Department's statement of income taxes that if the total income tax would be divided among the people of a window cleaner in New York. He so would receive somewhat less from the proceeds than the wages of a widow cleaner in New York. He didn't say exactly how much that was, and it hardly seemed worth while to inquire, for certainly the amount wouldn't make anybody violently wealthy.

Since that time a careful study has been made by the National Bureau of Economic Research of the national income. This study shows that 86 percent of the income earners receive \$3,000 or less each year. If all the income in excess of \$10,000 a year should be divided among the 86 percent each person should receive less than \$200 additional.

Kansas City Star.

If the equal division of our national income at the present time would add so little to the average income, how much would it add if the incentive to private industry were taken away, as was the case in Russia when the soviet government seized and undertook to operate all the great industries? It is practically certain that under such conditions the average income would dwindle to the vanishing point, for Russia has been going "into the red" ever since the Reds took charge of the country.

State ownership and operation of industries, for the benefit and pro-

fit of all people, is a plausible and alluring plank to put into a political platform. On its face it looks good but in Russia it has been found that instead of its being the remedy for economic ills, it has been productive of increased poverty, suffering and starvation. In our own country, it has recently been tried out in North Dakota where under the leadership of the so-called Non-Partisan League the state engaged in various tries. According to the report of the Industrial Commission of North Dakota the state-owned bank, mills, etc., have all been disastrous money losers. Not only have these industries been failures but they have also caused the tax-payers' bills to pile up. The people of North Dakota, have paid and are still paying a heavy price for experience that has taught them no more than they could have easily learned by studying the recent history of Russia.

SIMPSON'S
THE SURPRISE STORE

115-117 WEST MAIN ST.

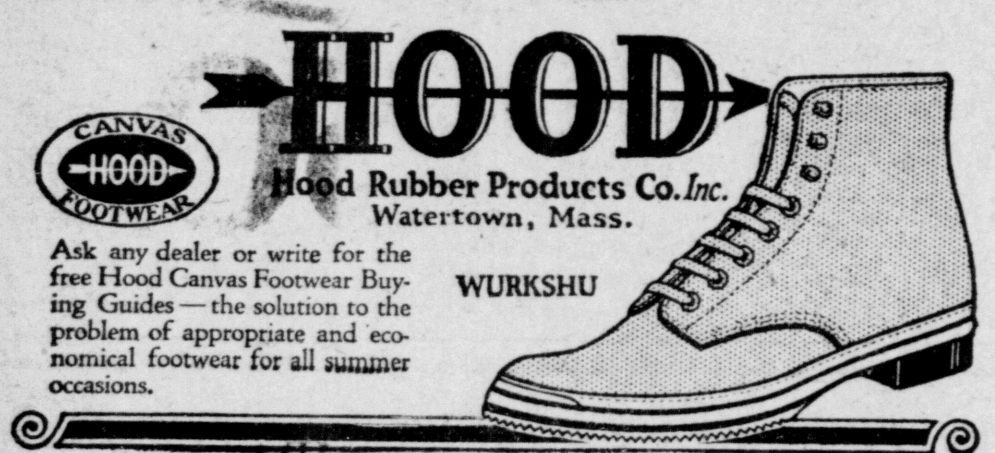

Dad, this is the greatest shoe I ever had!

WE have put the principles of our athletic shoes in this shoe for every day work and play. The Hood Warkshu is light, though its upper is of sturdy, brown mail-bag duck—the brown canvas all ordinary soil. It is flexible—affords the feet welcome relief from stiff leathers. It is cool and comfortable as a summer shoe should be. You walk on air with its patented pneumatic heel. Its tough sole of tire-tread stock reduces the cost of footwear while it allows that freedom of activity that is every boy's birthright. What is good enough for the boy is good enough for Dad! And for

other members of the family, too! The Hood Warkshu is made for all of them.

Don't forget the children. The Fenway Cross Strap Sandal is made especially for their growing young feet. They will romp longer out-of-doors, scratch no more floors, and save the cost of expensive leather.

The Klaykort for tennis especially, but for all outdoor sports is a better buy than sneakers. Light, sure-footed and fast, and how they do wear! Full sport trimmed. Insist upon Hood Klaykort—refuse a substitute.

Ask any dealer or write for the free Hood Canvas Footwear Buying Guide—the solution to the problem of appropriate and economical footwear for all summer occasions.

Extra Special!

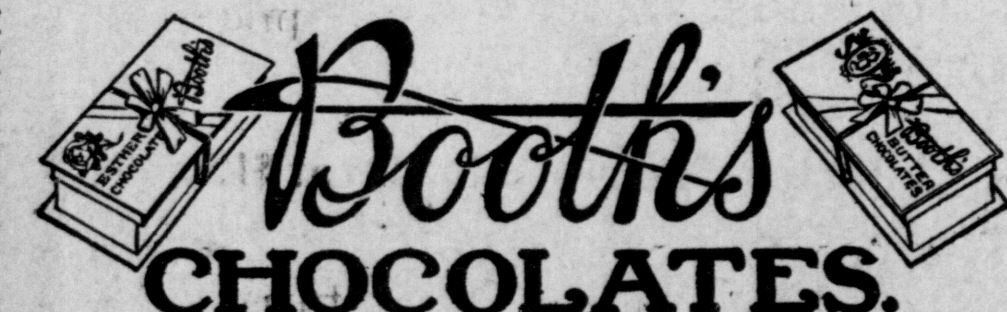

For the remainder of June we will offer the students and faculty and general public an opportunity to buy anything in our large jewelry stock, including Diamonds and Phonographs, at wholesale prices. That diamond you have wanted is here. The world's best Phonograph

The Pathe is also here \$250 Machine at \$125 25 percent less than wholesale prices. \$25 in records thrown in. Can you beat it? Look over our immense stock and buy at first cost and even lower.

COON'S JEWELRY STORE
120 West Main Street, Ada, Oklahoma

GRUEN & Guild Watches

Of Course the Kiddies Like Booth's CHOCOLATES.

And best of all they do them a world of good. Good candy has a real food value essential to growing systems. Give the kiddies plenty of candy as long as it is Booth's; because it is absolutely pure and safe to eat. Delicious? Why, of course. That goes without saying.

Get a package tonight and surprise the family. See their smile of delight and hear them say: "Oh, Booth's Chocolates!" They know what's best.

Yours for better service,

Palm Garden

1,000 WORKING GIRLS ARE GUESTS OF VASSAR COLLEGE COEDS TODAY

(By the Associated Press)

POUGHKEEPSIE, N. Y., June 16.—One thousand girls from factories and offices in six states today began a week of campus life as guests of Vassar, the oldest women's college.

Lantern fetes by the lake, basket ball games, hoop rolling, and a "Pageant of Woman's Opportunity" will give collegiate color to this first gathering of representative industrial and academic workers.

The occasion for this meeting of working girls and students is the annual convention of the National League of Girls' Clubs, a federation of societies whose members number 100,000.

Henry Noble MacCracken, president of Vassar, in his address of welcome said:

"The democracy of the curriculum is the unique achievement of the American college. We recognize no royal road to learning. It remains for us to break with one more barrier—the barrier that separates those reared in the atmosphere of college from those in the great industrial heart of America.

Colleges Not Exclusive.

"By means of just such organizations as the National League of Girls' Clubs it will be possible to suggest that college life in America is not exclusive but inclusive. It is Vassar's aim to share with you in these days a taste of the best that is in college spirit, and we bid you welcome to your own feast. It was an ancient custom that every guest brought his food with him to the castle of the host; so you bring to our college campus the joyous spirit of living well together that you have achieved in your club organizations.

"That is all there is in college spirit, and we know that you have learned its lesson so that it will be easy for you to extend the same spirit to the groups from all these cities here today. Our students and officers who will live with you here this week will, I know, learn much from you out of such contacts we shall build better colleges!"

Girls from Massachusetts, Rhode Island, Connecticut, Ohio, Pennsylvania and New York are attending the convention.

Get it at Gwin & Mays.

McAlester.—Roy Caldwell has been chosen cashier of the Oklahoma State Bank of McAlester to fill the place made vacant by the death of A. L. Latimer.

Cadet Moore Here.

Cadet Dennis M. Moore, son of Mr. and Mrs. Robert S. Moore of 925 East Ninth street, has just returned home from West Point to spend his furlough.

Moore received his appointment to the United States Military Academy from Gen. Robert L. Bullard of Governors Island, New York, in November 1919. Later he attended the National Preparatory Academy in Cornwall, N. Y., until the annual entrance examinations the following year. After being notified of his success in the examination, he entered July 1, 1920 with 600 other candidates seeking a career in the army.

Moore will return to the Point late in August and will remain until graduation. He expects then to go to Europe with several of his classmates. Upon his return he will enter the aviation or field artillery.

Hold Swimming Party.

Early this morning, members of the Chopsticks Club entertained a few of their friends with a swimming party at Ford's Lake.

After spending an enjoyable hour swimming, everyone began to hunt wood to build a fire. When this was accomplished they prepared a delicious breakfast, consisting of only things which could be cooked out in the open.

When breakfast was over the young people came back to town, all hoping to enjoy many more similar occasions.

Those present were Chopsticks Alice Gowing, Oleta Montgomery, Geraldine Hale, Susanne Holman, Jeanette Bobbitt and Annie Laurie Hill and the invited guests Misses Williams, Sims, Annie Louise Shaw, Roberta Allen, Katherine Griffith, Lucille Chapman, Pauline Knotts and Mrs. Bobbitt.

Presbyterians Entertain.

A social for Presbyterian students of the East Central Teachers' College was given last evening by the Christian Endeavor Society of that church at the home of Rev. and Mrs. E. O. Whitwell, of East Fourteenth.

The evening was spent playing games on the lawn, which was strung with many electric lights, making it almost as light as day. Several new and unusual games were played, among which was a contest between three of the young men in the art of dress and hat designing. Three of the young ladies acted as models and the materials used for the hats and dresses were newspapers. The finished frocks showed that the young men were paying more attention to the latest fashioning designs than the fair sex dreamed they were.

A large number of students from the college were in attendance as well as the members of the society, and after about two hours spent in having fun and getting acquainted, ice cream cones were served.

McMillan-Adams.

Ralph McMillan, well known local boy, and Miss Eloise Adams, for two years an expression teacher at the Teachers College, were married Thursday, June 15, at Los Angeles, Calif., according to word that reached here today. They will make their home in Los Angeles where Ralph is employed.

Miss Adams was well known in Ada, having been closely identified with educational and social circles of the city. Her home is in Bowling Green, Missouri. McMillan was formerly connected with the post office news stand.

W. C. T. U. in Meeting.

The W. C. T. U. met Wednesday at the home of Mrs. S. H. Mount, 823 East Tenth street, and an interesting program was rendered. The subject was "Helping Others."

Mrs. R. E. L. Ford, devotional leader, beautifully brought out the importance and pleasure of being our brother's keeper. She related her visits to the jail and the ministrations to prisoners' needs.

After the program, important business matters were transacted. The next meeting will be at the home of Mrs. T. E. Brents, on South Broadway on June 28.

Midgets Are Crushed by First Defeat in City League

CLERKS ADVANCE TOWARD PENNANT

Loose Fielding Costs High School Nine Defeat in Battle Friday.

Again errors has cost a baseball game. This time they humbled the midgets, league leaders, and as a result the Clerks are now threatening to pass the Legion for second place. It was the first defeat for the Midgets, who lost Friday's game 5 to 2. The youngsters out hit the clerks but the breaks were against them, and with poor fielding, they lost all chances to win after the third inning.

Heavy hitting featured the game. Out of the eleven bingles, three were triples and three doubles. Two double plays, one by each team, were marked up. Page, the high school pitcher who shut out the legion without giving them a hit, was given too poor support in the field yesterday to have a chance to win. He allowed five hits.

Although the clerks made most of their runs on Midget errors, the Athletic association team showed up in much better form than ever before. This team did some good fielding and supported Frisco Vernon well at batting. Out of the eight errors made by the Midgets, five were made at short, by three different men.

Sport Tournaments Will Be Put On Program For Legion Meeting

BARTLESVILLE, Okla., June 17.—Golf, tennis and handball tournaments to determine state championships will be added attractions in this city during the annual state American Legion convention to be held here September 11 and 12. Entry blanks for the tournaments have been sent out by the local post and the best tennis and golf talent the state boasts have either entered or signified their intention of doing so. Winners of the tournaments will be qualified to compete in the tournament for national honors at the national convention in New Orleans in October.

Daily luncheons for post executives are also new features that promise to be attractive. National Commander Hanford Mac Nider and General John J. Pershing will be guests of honor at these luncheons. The state executive headquarters will move to Bartlesville one month before the opening of the convention and during that time, this city will be the center of legion activity for the state of Oklahoma.

INJURY HALTS HIS BRILLIANT WORK

Pete Donohue.

Pete Donohue, young righthander of the Reds, was going great guns for Pat Moran when an injury to a ligament in his hurling arm put him on the hospital list for some time. Pat's hopeful the lad can take his turn gain soon.

By Norman E. Brown

HARSH MEASURES

Have been taken by Manager-Owner McGraw of the Giants to bring back Earl Smith to a realization of the error of his ways. This kid catcher, who was the sensation of the year back in 1918, was suspended indefinitely recently by McGraw for failure to keep in condition. This after lesser punishment and fatherly advice had failed to turn the trick.

It is unfortunate that Smith—to whom fate has been kind—should choose to abuse the chance he has had to make a name for himself.

In the spring of 1918 Smith was a free agent—out of a job. Nothing else to do, he asked permission of Manager Robinson of the Dodgers to work out with the Brooklyn club, training at Hot Springs, Ark. Smith's home town, that spring. He made such a hit with Uncle Bob that the fat pilot urged Owner Ebbets to sign him. Ebbets couldn't hear.

Along came Arthur Irwin, boss of the Rochester International League club, and to him Robble expressed his views on Smith. Irwin signed Smith.

When fall rolled around Smith had done such phenomenal work behind the plate and at bat for Irwin that John McGraw asked Irwin to set a price on the youngster. Irwin didn't want to let the lad go so asked for seven good hall players and enough dough to sweeten the Rochester club's drawing account. McGraw sent the players and check before Arthur could change his mind.

Under McGraw's tutelage Smith added big league finesse to his accomplishments and soon forced McGraw to consider him as a regular even with the veteran Snyder, Lew McCarty and Mike Gonzales on the team. In 1920 Smith played in 91 contests and last season into 89. But apparently success turned his head.

NOTICE TO ARCHITECTS

On Monday, June 26th, 1922, the City of Ada, Oklahoma, will receive and review plans for the construction of a Memorial Convention Hall to cost not in excess of \$100,000.00. All plans will be given due consideration.

For further particulars, address, J. C. DEEVER, City Clerk, Ada Oklahoma. 6-12-6t

PURSE OF \$50,000 UP FOR SPECIAL KENTUCKY RACES

(By the Associated Press)

CINCINNATI, June 17.—A race is expected to rival in importance and enthusiasm the Kentucky Derby and the Preakness stakes will be run at Latonia, Saturday, June 24. It will be known as the Kentucky special and the Kentucky Jockey club will have a purse of \$50,000.

The equine aristocrats of America will compete for this rich prize. The race will be for three year olds exclusively and each horse will carry 126 pounds over the mile and one quarter journey. The race is a special event, put on the Latonia racing program by General Manager Matt J. Winn in order to insure the presence of the unbeaten Morvich at the Latonia meeting.

After the victory of Morvich at the Kentucky Derby Col. Winn offered a purse of \$50,000 for Morvich to meet Pillory defined the issue by Mr. Winn obtained the consent of Benjamin Block, owner of Morvich to race him against any three year old. Winn then went to James Rowe, trainer of the Harry Payne Whitney stable and asked Rowe how he would like to run one or two of the Whitney horses against Morvich at Latonia for \$50,000.

Any 3-Year-Old to Complete.

"Bring on Morvich" replied Rowe, "I will be there and have something to run in the race." With this assurance Winn framed the conditions of the Kentucky Special which permits any three year old to compete.

Before he left New York and had concluded negotiations, J. S. Cosden told Winn that if he was successful in his effort to purchase Snobb II, an English bred horse belonging to John Sanford, he would be more than pleased to make the effort to dethrone the equine king. Cosden a few days later paid Sanford \$85,000 for Snobb II, and announced he would be shipped to Latonia.

H. P. Whitney is expected to enter Bunting and Olympus. Others more than likely to be entered are Harry F. Sinclair's Kair-Sang and William A. E. F. Simms, Lucky Hour and My Play; Col. E. R. Bradley's Bet Moade and By Gosh; Admiral Carey T. Grayson's Bear; R. H. Shannon's Deadlock; and H. H. Hewitt's Washington and Startle. Any other three year old is eligible but it is hardly likely that any more will be entered.

The winner will receive about \$46,000, second horse \$10,000, third \$3,000 and the fourth \$1,000. In addition a gold trophy costing \$5,000 will go to the owner of the victorious horse.

OLDEST DRIVER TRAINS HORSES FOR JULY RACE

(By the Associated Press)

CLEVELAND, June 17.—Ed "Pop" Geers, the "Grand Old Man of the Harness Turf," has reached North Randall from his Memphis training quarters to put on the finishing touches for the 1922 Grand Circuit campaign which begins at North Randall July 3. Aged 71, Geers is the oldest driver on the Grand Circuit. Hale and hearty he also trains his own horses.

"Pop" has virtually a new stable this year, all but two being trotters. Familiar to Grand Circuit fans are his Sanardo, Peter June and Utah. Peter June, with a mark of 2:04 1-4, is his leading trotter.

Geers declared he expects to be seen on the Grand Circuit at least ten more years.

The arrival of his stable brings the total horses now at Randall up to 470. The stable of Walter Cox, Lon McDonald and several other prominent drivers are still to come.

Many of the famous Grand Circuit reinmen already are here, having arrived preceding the opening of the 1922 harness season which was ushered in the Greater Cleveland district with the meeting at the North Randall half-mile track June 5.

Among stables quartered here now are those of Johnny Thomas, Charles Valentine, Dick McMahon, Fred Edman, Fred Egan, Sep Plain, Ben Whitehead, Tommy Berry, Fred Guyette, Frank Phillips, Nat Ray, Harry Stokes, Marvin Childs, Will Squre, Will Rosemire and Will Eaton. The latter two are handling the Pastime stable, Eaton having recently returned from Russia.

That the horses are in exceptionally fine condition for this time of the year is indicated by races on the Sandusky half-mile track, which just ended. Before the first of June, Lenora Watts of the North Carolina stable of R. B. Plaxico had beaten the 2:10 mark. She was pressed by Clyde the Great, driven by Clyde Limline of Louisville, Ky.

PONCA CITY.—Whether a new county courthouse will be erected at Newkirk, will be left to the voters of Kay county, according to an announcement made at a recent meeting of county commissioners.

A public meeting will be held soon at which sentiment is expected to be defined.

SISLER IS THEME FOR SPORT SONGS

Brown's First Sacker Hogs Limelight with Hundred Hits for Season.

(By the Associated Press)

CHICAGO, June 17.—Writing baseball this season has developed almost exclusively into writing about George Sisler for the incomparable first sacker of the St. Louis Browns is playing such brilliant baseball that he leads in almost every branch of the sport and seems to be trying to win a pennant for the Mound City singlehanded.

The major league averages released today show that Sisler not only stands at the top of the American League in most branches of the game, but that his figures in most cases are better than those made by any National Leaguers. The statistics show that Sisler is—

- First in batting averages in either league.
- First in runs scored in either league.
- First in total hits in either league.
- First in total bases in either league.
- First in three-base hits in either league.
- First in stolen bases in either league.
- First in either league to make 100 hits this season.
- And close to the top in two baggers and home runs in the American league.

On Batting Rampage.

Sisler went on a batting streak last week that brought his average to .433 against .419 the previous week. He made his 100th hit Wednesday in the game with Washington which he virtually won with a home run with the bases full. Sisler's stolen bases number 23 with Ken Williams, his teammate, second in the American league with 21. The averages include games of Wednesday.

Blag Miller of Philadelphia is runner-up to Sisler on the American league averages with a mark of .376. Ken Williams brought his home run mark to fifteen and leads Miller by two and Rogers Hornsby, the National League pace setter, by one.

Hornsby Whole Show.

Hornsby, the St. Louis star, the whole show in the National League battle of figures this week. Hornsby, by slamming out fourteen hits in his last six games, batted his way from fourth place to the top of the heap with an average of .399, with Hank Gowdy of Boston, the leader a week ago, and B. Griffith of Brooklyn, tied for second place with .385.

The St. Louis slugger, besides leading the league in batting, is tied with Young of New York and Carey of Pittsburgh for honors in base stealing with eleven apiece. Hornsby is setting the pace for the home run hitters with fourteen. His closest rivals are Zack Wheat of Brooklyn, and Eddie Ainsmith, also of St. Louis, who have knocked out eight apiece.

Kirkie New Star.

With an average of .383, Kirkie of Louisville is the new batting leader of the American Association. He batted his way from third to first place within the last week by belting out eight hits in his last seven games, while Myatt of Milwaukee, the leader a week ago, fell into a triple tie for second place honors. Myatt, King Lear, also of Louisville, and Lamar of Toledo are batting .375. The averages include games of Wednesday.

"Reb" Russell of Minneapolis is creeping up on the home run record of Bunney Brief's. The Rebel has poled twelve to date, while Brief is leading the race with fourteen. Brief, however, has been out of the game due to illness. Russell made two homers this week.

In base stealing, Haas of St. Paul has pulled into a tie with Baird of Indianapolis, each having eleven thefts to their credits.

Schulte Looms Bright

Schulte of Mobile is drawing away from his rivals in the scramble for the batting leadership of the Southern Association. Schulte today is hitting .396, with McMillan of Memphis the runnerup with .359. Jack-357. The averages include games of Thursday.

Barrett of Little Rock remains the edge in home run hitting with seven homers to his credit, while Connolly, his teammate, is running second with six. Stewart of Birmingham is showing the way to the base stealers with twenty-one, while Henry of New Orleans, who led a week ago, is second with nineteen. Stewart beat the ball to five bases in his last nine games.

BRISTOW.—Work on water and sewer system improvements to cost \$102,947 will begin here soon. Contracts for the work were awarded at a meeting of the city council recently.

TOPPING SLUGGERS IN THE NATIONAL

Bert Griffith.

Bert Griffith, right fielder of the Brooklyn Dodgers, is leading the batters in the National league—or was when this was dashed off. His stickwork has been an important figure in the spectacular climb of the Dodgers to recent weeks.

League Standing

Team	W	L	Pctg.
Midgets	3	1	.750
Legion	2	1	.666
Clerks	2	2	.500
College	0	3	.000

Total runs—Midgets 9, Legion 13, Clerks 13, College 4. Morrison has the record for strike outs, 11 in seven innings. Rutledge has the only home run of the season. Total hits—Clerks 18, Midgets 16, Legion 16, College 13.

Lingue is a native Chilean wood used in the manufacture of shoe heels.

A SMILE A DAY

Pome.
A pretty girl,
A splash of paint,
A smacking kiss—
And now it ain't.
—Horse Sense Sue in the Eldorado, Kas., Times.

Tess, My Treasure
Tess, my treasure, look! my heart,
Warm and pulsing, do I show
To only one whose art
Ever makes the blamed thing go.
It is yours then, more than mine,
Give me no protesting looks!
Take it—with this single line:
"Highly fragile! Use no hooks!"
—Edwin H. Blanchard in the New York Sun.

They'd Met.
Church was over, and the congregation filed slowly out and gathered in little chattering groups in the yard. Presently the pastor came up and joined one of the parties. He introduced an ex-gob, recently arrived in the village, to a wealthy Mr. Smith.

"But then, you must have seen each other in church today," he concluded.
"Sure," beamed the ex-gob cordially. "He was sleepin' in the next bunk to mine."

Sixty per cent of the men are bald at 55, but only 1 percent of the women.

This Bank is a human institution

Conducted by men who value the esteem of their fellowmen and who extend, in all sincerity, its full services to each individual depositor.

The Security National Bank
H. W. WELLS, President
W. M. PEGG, Vice-President
LESLIE PRINCE, Cashier
E. A. POE, Asst. Cashier

FUNDAMENTALS

of a bank are three—resources, facilities and service, and the greatest of these is service.

And this, because a bank to exist must possess strong resources and adequate facilities, but its service depends upon the caliber of those behind it.

The quality of our service will please you. Your needs are not too large to tax us, nor too small to merit our best attention.

We pay you to save your money.

AULD LEADS IN CITY LEAGUE BASE STEALING

Base stealing in the city league is almost as frequent as error making, according to records. Auld leads with five thefts in three games, and he is being trailed by Wallace and Wray with three each, and Vernon, R. Waner, Clary, McCoy, Roach with two each. Morrison, Kirkpatrick, McMillan, Brown, Stalcup, Harrison, Sparks, West, Sloan, Rutledge, Beavers, Fain, Burkhardt, P. Waner, Strohm, Houpt, and Walker have one theft each.

This makes a total of 37 bases stolen in the seven league games played.

UNDERWOOD ASKS FIXED POLICY ON MUSCLE SHOALS

WASHINGTON, June 17.—A determination of a fixed policy for the development of the government projects at Muscle Shoals, Ala., before congress adjourns, was asked today by Senator Underwood of Ala., democratic leader, during a discussion in the senate of Henry Ford's offer for the property and a propaganda campaign, alleged to be in progress both for and against acceptance.

Special Train Takes State U. C. V.s Today to Richmond Meeting

(By the Associated Press)
OKLAHOMA CITY, June 17.—A special train of nine coaches, carrying confederate veterans of Oklahoma, their families and auxiliary organizations, today is enroute to Richmond, Va., for the thirty-second annual convention of the United Confederate Veterans, to be held June 20 to 22.

Three coaches, bearing delegates from Tulsa, were taken to McAlester last night. The six other coaches—two from Oklahoma City, one from Shawnee, one from Alva, one from Muskogee and one from McAlester—were already there. The train was made up and dispatched over the Rock Island lines. At Memphis it will be switched to the Southern railway, by which it will proceed to Richmond.

The day following the closing of the reunion, a party of Oklahomans will be received by former President Wilson for a few minutes at his home in Washington, D. C.

'Choc' Was Burden When 'Laws' Came, Young Negro, Says

A amusing incident arose in police court today when Judge Fisher, in examining three negroes charged with making "choc" beer, sought to bring out all angles of the case. The youngest of the three, after grinning through an embarrassed silence, took his turn at answering questions.

"Why did you throw the stuff out of the back door when the officers approached?" he was asked. "I swear judge I don't know. I guess I see jes naturally skeered of white folks, especially de law. When Paul hollered 'heah comes de law,' first thing I thought about was getting rid of dat choc."

Plan For Returning German Goods Taken During War Is Talked

(By the Associated Press)
WASHINGTON, June 17.—Formulation of the administration policy with reference to the return to owners of confiscated German property seized by the alien property custodian during the war, was discussed at a conference at the White House today between President Harding, Secretary Hughes, Attorney General Daugherty and Thomas W. Miller, alien property custodian.

The discussion was understood to have centered largely around how best to return the property, having in mind the protection of the poorer class in Germany whose property was confiscated and determination of the value of such property with reference to its immediate return.

CLINTON CITIZENS ASK REMOVAL OF OFFICIALS

(By the Associated Press)
CLINTON, June 17.—An election to recall Mayor Palmer and a city commissioner of Clinton has been called for July 8. Charges of mismanagement, extravagance and violation of the city charter were made in a petition signed by 35 percent of the voters of Clinton which was presented to the commission asking their removal.

BANDITS ROB BAGGAGE CAR IN FAIRMONT EXPRESS

(By the Associated Press)
PITTSBURG, Pa., June 17.—The Fairmont Express on the Pittsburgh and Lake Erie railroad was held up near Webster, Pa., about 25 miles from there at 10:40 this morning by two masked bandits, who robbed the baggage car and escaped.

CHINESE TROOPS GUARD PALACE OF PRESIDENT

(By the Associated Press)
PEKING, June 17.—While troops of General Chen Chiung Ming had captured the city of Canton, capital of the southern Chinese republic, the body guard of President Sun Yat Sen still fought from the president's palace, according to a dispatch from Canton filed at 4 o'clock yesterday. Sun was supposed to have escaped to Whampoa on a gun boat.

12 Drivers Are Off.

(By the Associated Press)
Speedway, Union Town, Pa., June 17.—Twelve drivers got away here this afternoon in the 250-mile universal automobile race. Jimmy Murphy held the pole position at the start with Tommy Milton in second position.

WILSON

Preaching was well attended Saturday night and Sunday. Bro. Stone preached.

Mr. and Mrs. D. W. Brandon took dinner with Mr. and Mrs. Stephens Sunday.

Ina Brandon, Chloe Fussell, and Leva Loman took dinner with Willie Beller Sunday.

Grandma Beller is on the sick list.

W. W. Derryberry and wife from Latta visited L. D. Brandon Thursday. W. W. and L. D. killed a nice mess of squirrels for supper.

Mrs. Rissie Gibson visited Miss Sara Berger Sunday.

Leona Berger was carried to the state hospital Saturday for treatment.

Mrs. Porter of Picket visited Mrs. Cassidy Friday.

We are glad to report Mr. Lee Cassidy recovering from his recent illness.

Cotton chopping is the order of the day still needing rain.

BLUE EYES

A lake rich in carbonate of soda was recently discovered in the neighborhood of Kulunda, Siberia.

Obituary

C. S. Mitchell.

C. S. Mitchell died in an Oklahoma City hospital Friday night following an operation. The remains were shipped to Ada today and funeral services will be held Sunday, with interment in Vanoss cemetery in the afternoon.

Infant Son of F. K. Hensley.

The infant son of F. K. Hensley died at the family home, 728 West Eighth street, Friday morning. Burial took place in Rosedale cemetery Friday afternoon at two o'clock.

DOINGS OF THE VAN LOONS—Father does get a real idea once in a while.

By R. LEIPZIGER

WEAK; RUN-DOWN

Carolina Lady Got So She Could Just Drag.—"Cardui Built Me Up," She Declares.

Kernersville, N. C.—In an interesting statement regarding Cardui, the Woman's Tonic, Mrs. Wesley Mabe, of near here, recently said: "I have known Cardui for years, but never knew its worth until a year or so ago. I was in a weakened, run-down condition. I became draggy—didn't eat or sleep to do any good; couldn't do anything without a great effort. I tried different remedies and medicines, yet I continued to drag.

"I decided to give Cardui a trial, and found it was just what I really needed. It made me feel much stronger soon after I began to use it. I began to eat more, and the nervous, weak feeling began to leave. Soon I was sleeping good.

"Cardui built me up as no other tonic ever did. I used Cardui with one daughter who was puny, felt bad and tired out all the time. It brought her right out, and soon she was as well as a girl could be. We think there is nothing like Cardui."

Do not allow yourself to become weak and run-down from womanly troubles. Take Cardui. You may find it just what you really need. For more than 40 years it has been used by thousands and thousands, and found just as Mrs. Mabe describes.

At your druggist's. **NO-143**

MRS. LULA VANN FULTON, ARK.

Suggests to Suffering Women the Road to Health

Fulton, Arkansas.—"I used Lydia E. Pinkham's Vegetable Compound for a soreness in my side. I would suffer so badly every month from my waist down that I could not be on my feet half the time. I was not able to do my work without help. I saw your Vegetable Compound advertised in a newspaper and gave it a fair trial. Now I am able to do my work and don't even have a backache every month. I cannot praise your Vegetable Compound enough and highly recommend it to those who have troubles like mine. I am willing for these facts to be used as a testimonial to lead all who suffer with female troubles, as I did, to the right road to health."—Mrs. LULA VANN, Box 43, Fulton, Arkansas.

It is this sort of praise of Lydia E. Pinkham's Vegetable Compound, given by word of mouth and by letter, one woman to another, that should cause you to consider taking this well-known medicine, if you are troubled with such symptoms as painful periods, weak, nervous feelings, miserable pains in your back, and cannot work at certain times.

Here is a woman who is so grateful and glad to be relieved from a painful and nerve racking physical condition that she wishes to tell all sick women.

CUTICURA HEALS LARGE PIMPLES

Face Itched and Burned. Caused Disfigurement. Could Not Sleep.

"My face began to itch and burn and then broke out in hard, large, red pimples that festered and scaled over. They were scattered all over my face and caused disfigurement for the time being. I could not sleep at night on account of the irritation. I began using Cuticura Soap and Ointment and in two weeks was completely healed after using one cake of Cuticura Soap and one box of Cuticura Ointment." (Signed) Earl Oliver, R. R. 2, Princeton, Ky., June 7, 1921.

Cuticura Soap daily, with Cuticura Ointment occasionally, prevents pimples or other eruptions. They are a pleasure to use, as is also Cuticura Talcum for perfuming the skin.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. H, Malden 48, Mass." Sold everywhere. Soap 25c. Ointment 15c and 50c. Talcum 50c. Cuticura Soap shaves without mug.

Church News**First Baptist Church.**

A little girl went to church one Sunday morning, but her parents stayed at home because they felt tired. When the little one returned the father asked, "What did our pastor preach upon this morning, dear?" "I don't remember all," said the child, "but I think his text was, 'Many were cold, and few were frozen.'"

We hope that no one will ever freeze at our services. We try to make our services spiritual and send people away feeling that they have been helped by the services.

Our Sunday school meets at the church at 9:45. We had 518 last Sunday. We are confidently expecting to go beyond the six hundred mark tomorrow. Sunday week we are expecting to have 1500 in our Sunday school.

The Men's Bible Class will meet at the McSwain theatre at 9:30. Mr. L. A. Ellison will teach the class. Men of all ages are invited. You will greatly enjoy the class.

The pastor will preach at 11 o'clock on the subject, "The Supreme Law of Life." At the evening hour it will be our pleasure to have the Odd Fellows and Rebekahs worship with us in a body. Special seats will be reserved for them. The subject will be, "As the Tree Falls, so Shall It Lie."

All music will be under the direction of Prof. A. L. Fentem of the Normal Faculty.

The B. Y. P. U. will all meet at 7 o'clock. The young people are urged to attend.

CLYDE CALHOUN MORRIS, Pastor.

Presbyterian Church.

Children's program and important business meeting will occupy the morning hour at the Presbyterian church. The cradle roll babies will be brought and a number will be christened by Dr. Whitwell in the beginning of this service.

In the evening "God's Ownership" will be the sermon subject.

Our Bible school under the leadership of Prof. Hugh Norris is a live one. Come and join us each Sunday morning at the city hall. Be sure and bring an offering for the new building fund and drop in the box at the door. If you drop in check or your money in envelope with your name you will receive credit on our books personally for the offering.

You are invited to all our services. Come watch us work and see us grow.

REV. E. O. WHITWELL, D. D., Minister.

Presbyterian Ladies' Auxiliary.

The Senior and Junior Ladies' Auxiliary will meet at the church Monday at 3 p. m. for bible study. A large attendance is expected.

First Methodist Church

Sunday school at 9:45. Prof. R. S. Newcomb, superintendent.

Preaching at 11 a. m. and 8 p. m. by the pastor.

Young peoples society at 6 p. m.

Epworth League at 7 p. m.

Pipe organ recital at 7:30.

Everybody interested in the Sunday school should be there tomorrow.

We have had 506 present the last two Sundays, lets make it 600 tomorrow. It can be done easily if you will come.—J. H. Ball, pastor.

Presbyterian Senior C. E.

"Son, go walk today in My vineyard."—Dr. Landrith.

The doorway of opportunity.—E. P. Gates.

War against God.—Dr. Landrith.

Gates' specialty.

Service car.—W. Ray Breg, chauffeur.

Denominational conferences.—Miss Adeline Goddard.

Better Christian Endeavor.—E. P. Gates.

Missionary committee.—Adeline Goddard.

Lookout committee.—Jack Hupertz.

Open forum.

My soul, hear thou the Master's call today.—Rev. Dirk Lay.

Solo.—Mrs. Harold Singer.

Prayer.—Rev. H. M. Woods.

Each of the above speakers will be represented by one of the three delegates who attended the State Christian Endeavor convention at Ponca City.

Christian Science.

Christian Science services at 111 North Broadway at 11 a. m. Subject: Is the Universe, Including Man, Evolved by Atomic Force? Golden text: Psalms 40:5. Many, O Lord my God, are thy wonderful works which thou hast done, and thy thoughts which are to us—ward; they cannot be reckoned up in order unto thee; if I would declare and speak of them, they are more than can be numbered.

Christian Church.

9:30 a. m. Bible school. C. E. Cunningham, Supt.

11:00 a. m. morning worship. Sermon: "Mixed Covenants."

7 p. m. Young People society.

8 p. m. evening service.

The Men's Bible class meets at the Chamber of Commerce rooms.

Dr. A. Linscheid is the teacher. If you have never visited this wonderful class do so tomorrow. Visit it once and you will be a booster for it.

The Loyal Daughter's class, Mrs. Linscheid teacher, meets in the Criswell and Myers chapel. This also is a wonderful class. All young ladies are invited.

The time of the Christian Endeavor meeting Sunday evening will be taken up with reports of the state convention, which was held at Ponca City last week. Miss Chisholm, Miss Constance Waggoner and Miss Dona Bell Lee were the delegates. They have wonderful reports to give. Give them a good hearing.

To all of our services we invite one and all. Come and spend an hour with us. H. M. WOODS, Pastor.

Asbury Methodist Church.

Sunday school at 9:45 a. m.—J. W. McBride, superintendent.

Epworth League at 4:30 p. m.

J. E. Jared, president.

Preaching at 11 a. m. and 8:30 p. m. by E. H. Driskell.

R. E. BROTHERS, Pastor.

Pictures were flashed from Italian to American battleships by wireless recently in a test off the coast of Italy. The Italian navy has purchased the inventor's method and transmission apparatus and is planning to install machines on navy vessels.

Farmers' Column

By Byron Norrell

Preparations for the township and county fairs are now under way and the prospects are good for much better displays than were on exhibit last year, although in all cases they were highly creditable at that time. Pontotoc county is capable of producing anything that grows in Oklahoma and with more interest being manifested all the time by the people in all lines of agriculture the fair exhibits will gain accordingly. The premium list and rules will be off the press in a few days and then any one interested can get full information about the requirements and the prizes offered. The News hopes to see some of the best fairs in the state this year and under the active direction of Mr. Hill and Mrs. Duvall and the fair directors I believe we shall make a new record.

I consider the officers, directors and assistants in charge of the work a very able group of men and women, among the best qualified to be found in the county for this line of work, in fact, and their efforts should have the backing of every class of citizenship.

It is figured there are about 12,000,000 chickens in Oklahoma, or about 60 to the farm. This is a rather small number it appears to me, and there is certainly plenty of room for growth in the poultry industry. This year the prices of hens and fryers have held up well and eggs have not dropped as low as they often do. A writer in the Farmer-Stockman says that Oklahoma eggs are discriminated against because of their irregularity in size and the poor quality of summer eggs. Of course this can be remedied by keeping better breeds and taking care that the eggs produced for market during the summer are infertile.

The canning season is now under full headway and before the summer ends the number of cans of various vegetables and fruits will run up into big figures. The ladies will make up for the fruit crop failures of the past two years and lay in a big supply for the coming year, or perhaps two years where this is possible. During the past few years more attention has been given to home canning and the result is seen on the tables of almost any home either in the country or in town. The steam pressure canner was unheard of in these parts until recent years but now it is gaining in favor and are being bought as fast as the people can afford the price or learn to appreciate the worth of this valuable aid to home living.

SUMMER COTTON SCHOOL TO CONSIDER COTTON PROBLEMS

STILLWATER, Okla.—To aid cotton farmers in meeting the present conditions in marketing, to prepare young men to enter the cotton business, to assist officers and directors of farm organizations that deal with cotton, to aid managers and operators of gins in solving their problems, to help cotton buyers who wish to become more familiar with the grades, staples and off-color cotton and to assist bankers and individuals who finance the production and marketing of cotton to understand more thoroughly the problems of farmers and buyers are the objects of the eighth annual summer cotton school which will be held at Oklahoma A. and M.

Try our Cold Sparkling Pure Soda

Jonteel Sundae—the very best eat at the fountain

Gwin & Mays Drug Co
The Rexall Store.

College during the four weeks between July 5 and July 29.

The cotton school is intended to teach marketing in all of its phases including grading, stapling and shipping. Co-operative marketing will be fully discussed. Production of cotton and varieties will receive some attention, especially in reference to growing cotton under boll weevil conditions.

In view of conditions that have prevailed in Oklahoma during the past year, the cotton school this year is expected to be the largest that has ever been held in the state.

Student Y. M. Planks Considered at Meet of Workers Friday

WILLIAMSBAY, Wis., June 16.—Planks in the platform for the work of student Y. M. C. A. groups in colleges and universities were considered at the regional council meeting of the International Student Conference at College camp at Lake Geneva under the auspices of the International Committee of the Y. M. C. A. today.

The commission's report as submitted to the council for consideration and adoption stated the proposed purpose of the student groups as follows:

"That the Y. M. C. A. in the college or university is a union of students and faculty to lead students to faith in God through Jesus Christ; to lead them into membership and service in the Christian church; to promote their growth in Christian faith, especially through the study of the Bible; to challenge them to devote themselves in united effort to make the will of God effective in human society and to extend His kingdom throughout the world."

According to the discussions, the reason for this restatement of the purpose of the organization is the agitation among some of the educational leaders to the effect that statements of the religious objectives of the association shall be eliminated.

Canada has 33 officers and 510 men serving on the ships of the navy.

"Millions now living will never die"

—Judge Rutherford

"MILLIONS NOW LIVING WILL NEVER DIE!"

In less than a year this proclamation has found its way into thirty languages and the message is being heralded to millions of people in thousands of cities in every land of the earth. "Millions now living will never die!" Who ever heard of such a thing? Preposterous, you will say. So said the scoffers to Noah; they had never seen rain—but the flood came on time. Millions now living will never die," but will enjoy unending human life on the earth and ascend a highway of righteousness to full perfection of body, of mind, of character, in company with their loved ones returned from the grave. When the kingdom of God is fully established mankind will have no more fear or sickness or accident, old age or death; no more dread of loss of home, or loved ones or livelihood; no more sorrow or tears.

"Millions Now Living Will Never Die!"

You may be one of them. Go! Hear the proof of these most marvelous tidings. Testimony upon testimony, evidence upon evidence, Biblical, historical, scientific—appealing to your reason as well as to your heart—will be presented without cost in the lecture by

G. F. Wilson of Oklahoma City
at McSWAIN THEATRE
